A large, faceted diamond is centered in the frame, set against a dark background. Behind the diamond, there are glowing, energy-like fields in shades of orange and green, suggesting a high-energy or futuristic environment.

TetraDiamond NFT

The Crown Jewel

Enter the realm of ultimate exclusivity with TetraDiamond NFT—a digital masterpiece that represents the pinnacle of prestige in the TetraLux ecosystem. This isn't just an NFT; it's your golden ticket to an elite club where scarcity meets unprecedented utility.

Limited Edition Perfection

Absolute Scarcity

Only 100 TetraDiamond NFTs will ever exist. Once they're gone, the minting closes forever. This isn't a promise—it's a smart contract guarantee. Each piece is numbered, verified, and permanently scarce on the blockchain.

Price: **\$10 in SOL**

Exclusive Access: Available only to presale participants who believed in TetraLux from day one.

100 NFTs Total

Forever capped supply

Presale Only

Early adopter privilege

Unmatched Utility Benefits

TetraDiamond isn't just a collectible—it's a powerhouse of benefits that amplify your entire TetraLux experience. Hold this NFT and unlock rewards that compound over time.

1

Staking Boost

Earn an additional **+10% extra yield** on all your staked TLX tokens. Your investments work harder while you hold TetraDiamond.

2

Revenue Share

Receive a proportional share of transaction fees generated across the TetraLux platform. Passive income that grows with ecosystem activity.

3

Voting Rights

Shape the future of TetraLux. Your voice matters in governance decisions, feature development, and strategic partnerships.

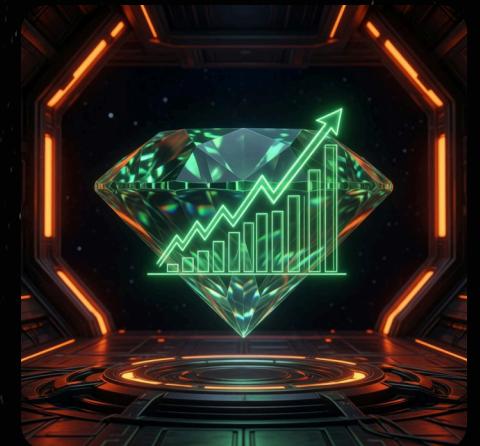

Rarity Drives Value

As the TetraLux ecosystem expands and adoption increases, the TetraDiamond NFT becomes exponentially more valuable. With only 100 pieces in existence, demand will inevitably outpace supply.

The secondary market on **Magic Eden** is where true price discovery happens. Early holders who secure their TetraDiamond today position themselves for significant appreciation as new users join the platform and demand intensifies.

Investment Thesis: Scarcity + Utility + Growing Ecosystem = Exponential Value Growth
